# THE CHRISTMAS COLLECTION

For extra yuletide inspiration, check out our selection of ideal gifts, including festive experiences, audio kit, jewellery, exercise equipment and cash flow solutions to help you cover costs

## They say you can't reinvent the wheel or improve a bike's design, Gocycle did both...

**THE AWARD-WINNING** Gocycle is the brainchild of Richard Thorpe, a former McLaren Cars design engineer with a 25-year career working in the motorsports and light electric vehicle industry.

Gocycle, considered the lightest in its class, weighing only 16.5kg, is environmentally sustainable and stylish. With on-demand electric power capable of travelling up to 50 miles on a single charge, the Gocycle is an automotive joy to live with. Did we mention it folds too? Not only that, it can be neatly

stored in a corner, under a desk, even a caravan.

It fits into your life whether you are commuting to the office, riding around country lanes or simply looking to keep fit and active. Owning and riding a Gocycle is your chance to start living a more active and sustainable lifestyle that benefits the planet and reduces congestion. Available from £2,499 at a Gocycle retailer near you.

## Bringing foxy fun to the teething game

**WINNER OF THE AWARD** "Consumer Choice Teething Toy" at the Best Baby and Toddler Gear Awards 2018, Ethan the Fox is a fun new natural rubber teething toy. It has been designed by parents to help develop a baby's sense of sight, touch, sense and smell, with lots of tasty bits to chew on to ease the pain of sore gums.

Ethan is no ordinary fox. He's a super teething fox! He's designed to be easy to grasp by small hands and has lots of clever features, such as a long, jaunty tail for hard-to-reach sore spots, pointy ears and a nose which a baby can chew on to soothe their gums as their teeth grow.

This friendly fox is made from 100% natural rubber from the Hevea tree. His soothing texture will bring some foxy fun to the teething game.

## Show someone special how much you care

**AT MANTRA JEWELLERY**, we create meaningful jewellery designed to inspire and uplift.

We believe in the power of words to change your mood and your mindset, which is why our 'myMantra' collection enables you to have a personal message or quote engraved on the reverse of our sterling silver and 18ct gold-plated necklaces, to inspire the girl in your life every day.

Create a highly personal gift this Christmas, with her favourite quote or phrase on the reverse. Or take inspiration from your wedding vows, song lyrics, a poem she loves, or her favourite writer.

The myMantra Necklace, £80 in sterling silver, £115 in 18ct gold-plated sterling silver. Disc 2.5cm diameter, hanging on 80cm chain. Quote **MANTRA15** to get **15% off**. Offer valid until 15th December 2018.

## Ice skate in the snow

**QUEENS SKATE DINE BOWL** in Notting Hill is the only ice rink in London where it's guaranteed to snow this Christmas.

Launching on the 19th November, our snow cannons will create a magical ice skating experience to celebrate the festive season. The festivities at Queens will also feature London's first on-ice sing-along sessions, taking place every Saturday afternoon. You can even watch your favourite Christmas classics on our giant movie screen.

Plus don't miss a special festive menu from burger maestros, MEATliquor, at their new rink-side bar.

## Train smarter this winter with the intelligent indoor training bike that tracks your progress on an app

**WHAT DO YOU BUY** the cyclist who thinks they have everything this Christmas? The piece of premium equipment they're missing, of course.

The Wattbike Atom is the most intelligent and effective indoor training bike on the market. Whether you want to become a stronger cyclist throughout the winter, or simply keep fit over Christmas and beyond, Wattbike Atom is a measurable and fun way to reach your goals.

### BEAUTIFUL ENGINEERING

There's no denying it: the Atom looks as good as a snowy Christmas morning. Slick lines, a black and red colour palette and traditional cycling drop handlebars combine perfectly to make the Atom the centrepiece of your home fitness space.

Constructed from tough, lightweight aluminium, the Wattbike Atom is long-lasting and built to withstand the exertion of Wattbike's own elite athletes, professional teams and tribe of fans. The bike is also surprisingly easy to move, with two in-built roller wheels allowing users to tilt and roll it next to the tree on Christmas morning.

### DIVE INTO THE DATA

The Atom connects to a variety of popular cycling apps, such as the virtual world of Zwift, and has free access to Wattbike's own iOS and Android app, the Wattbike Hub. This app has multiple pre-loaded workouts and training plans, designed to work with an individual's

level of fitness. They can support weight loss, improve performance or even help you train for your first 50-mile bike ride.

### SUPER SMART AND CONNECTED

Wattbike is known for unparalleled accuracy. Whether you want to get into cycling for the first time, or you want to build on your athletic achievements, the Wattbike Atom is an effective and fun way for you to hit your targets.

The accuracy and data available is more detailed than any other home cycle trainer, made better by Wattbike's own unique performance metric: Pedal Effectiveness Score (PES). PES is a live view of how effectively you are pedalling the bike and can be used to improve technique and performance.

Wattbike is offering an exclusive Christmas deal of £120 worth of free equipment and subscriptions with every Atom purchase. To find out more, visit **wattbike.com/bundle**

## Quick solution to a cash shortage

**DESIGNED FOR MONEY-SAVVY**, working UK citizens, Cashfloat's loans are the tool of the future for cash flow problems. Obtaining the loan is fast and easy, and paying it off is made easier by Cashfloat's early repayment scheme, where you only pay interest for the actual loan duration.

As a premium direct lender, Cashfloat's new-generation short-term loans of up to £1,100 have already helped over 50,000 people manage their financial affairs. They aim to provide a safe, affordable alternative to payday loans, leading a revolution in the industry.

Next time you need a short-term loan, visit **cashfloat.co.uk** for a loan experience you'll love. *Representative example: Borrow £500 for 4 months, four monthly repayments of £215.81. Total repayment £863.24, interest rate p.a. (fixed) 27 0.10%. Representative APR 997%.*

Warning: Late repayment can cause you serious money problems. For help or advice, go to **moneyadviceservice.org.uk**.

## Stay in tune with your surroundings

**EMBRACE THE OUTDOORS** with BackBeat FIT 3100 true wireless sport earbuds.

Always Aware™ ear tips allow you to hear your surroundings for safer training in any environment, while the soft, flexible and secure-fit earloops provide comfort and maximum stability.

Sweatproof and waterproof, they're designed to hold up against your most rigorous training sessions - in rain or shine. Listen for up to five hours, and get an extra ten with the charging case. And My Tap, available with the BackBeat app, makes it easy to personalise features, so you can easily set a timer, stopwatch or select your favourite playlist without losing your focus.

Stay in tune with your surroundings with Always Aware™ ear tips:

- Soft, flexible and secure-fit earloops offer comfort and stability

- Enjoy up to five hours of wireless listening between charges
- Charging case stores your earbuds and offers up to ten additional hours of power
- Durable and waterproof IP57-rated earbuds
- New My Tap feature offers customisation through the BackBeat app
- The 13.5 mm drivers provide detailed and full-range audio
- Roam freely and tune in anywhere, with a wireless range of up to ten metres
- Personalise your earbuds with the new My Tap feature, choose your preferred voice prompt language and easily install firmware updates all from the BackBeat app

The CES Innovation Awards are based upon descriptive materials submitted to the judges. CTA did not verify the accuracy of any submission or of any claims made and did not test the item to which the award was given.
