Find your dream car with our pick of the finest models on sale in showrooms throughout the North of England

## A luxury car unlike any you’ve seen before

**THE NEW LS** redefines the luxury car. The result of a five-year creative development process, it combines the spaciousness of a long wheelbase four-door saloon with the irresistible looks of a low coupe-like profile. Inside you’ll discover an interior unlike that of any luxury car before, distinguished by refined Japanese aesthetics, exquisite craftsmanship and imaginative technology. Whenever you are seated, you will enjoy supreme comfort provided by seats with multiple power adjustments, heating and cooling functions. A massage function is available on all of the seats,

while the optional reclining rear seat offers over one metre of legroom, the most generous in its class. The dynamic appearance of the LS is matched by its superb performance. The low driving position and driver-focussed cockpit have been conceived with the aim of making driving a truly rewarding experience. But don’t just take our word for it. Get in touch with Lexus Liverpool to book your test drive in the LS saloon. The ultimate luxury car experience. **01519 347666**

## Helping find the right Aston model for you

**SINCE THEIR OFFICIAL** opening back in October 2017, Aston Martin Nottingham have gone from strength to strength, becoming the largest Aston Martin Dealership in the UK. The purpose-built, 22 car dealership is located at Thane Road and is the first UK Aston Martin dealership for the Sytner Group. As the UK’s largest prestige dealer group, they have over 140 specialist dealerships across the UK, employing over 7,500 people. Aston Martin Nottingham is the latest addition to their family of luxury showrooms in the East Midlands. The product of a £6 million investment from Sytner Group, the generously appointed facility spans 2,300m², offering both new and timeless pre-owned Aston Martin sports cars, as well as full

after-sales and parts services. The showroom features a dedicated customer lounge, coffee bar and handover room, whilst the after-sales department houses seven vehicle service ramps and a separate parts department. To mark their first anniversary, the dealership will be hosting an exclusive cocktail evening for its customers, along with the exciting reveal of the highly anticipated DBS Superleggera. Aston Martin Nottingham reflects the latest global corporate identity, taking inspiration from the company’s heritage, whilst incorporating the very essence of Aston Martin - power, beauty and soul. For more information or to enquire about any of the sales or after-sales services offered, please contact Aston Martin Nottingham: **01159 330450**

## Pure performance, technology and style

**YES, THE CAR OF THE FUTURE IS HERE,** right now, at our showroom on Shap Road, Kendal. Kentdale Jaguar are delighted to introduce you to the I-PACE, the brand-new all-electric performance SUV from Jaguar, with the acceleration and agility of a sports car. With its head-turning, aerodynamic good looks and a sumptuous, serene and uncluttered cabin, the I-PACE is a Jaguar above all else – a true driver’s car, with zero CO2 emissions and a 0-60mph time of just 4.5 seconds. Its electric motors and near-perfect weight distribution deliver 696Nm of instant torque and all-wheel traction. Seamless integrated technologies and effortless charging, thanks to thousands of public charging points across the UK, make the I-PACE your obvious

choice in the all-electric luxury car market. Every Jaguar feels like no other car on the road, and moving to all-electric power doesn’t change this. Call into Kentdale for coffee and view the I-PACE for yourself. Bring the family along, try the car out for size and enjoy a test-drive without any obligation whatsoever. Our friendly, informed showroom team will be pleased to guide you through the new technology and answer any questions you may have. Remember, at Kentdale Jaguar you’ll be dealing with a family-run automotive dealership – one of the few still remaining in the UK. We are extremely proud of our reputation for providing exceptional customer care and we can now offer free nationwide delivery to all our customers. **01539 814444**

## A true Range Rover in compact form

**THE BRAND-NEW** Range Rover Evoque Landmark Edition is ready and waiting for your appraisal at Kentdale Land Rover on Shap Road, Kendal. Range Rover Evoque’s design cues radically altered the way the world viewed SUVs, and now, with the Landmark Edition, the story has evolved even further. This eye-catching vehicle features dynamic bodystyling, a carpathian grey contrast roof and gloss dark grey 19in alloy wheels. Available in three colours, including luminescent moraine blue with a graphite atlas trim finisher, the new Landmark

Edition takes design to the next level. Unique to the Landmark Edition, a dark satin brushed aluminium interior finisher adds a striking counterpoint to the all-ebony Oxford leather interior with contrast lunar stitch. A full glass fixed panoramic roof enhances the sense of interior space and provides uninterrupted views of your surroundings. You have a choice of three power trains: the TD4 2.0 litre 180 hp diesel, with manual 6-speed or automatic 9-speed transmission, and the Si4 2.0 litre 240hp petrol unit with 9-speed automatic transmission. Drop into our showroom to view the Landmark Edition and, remember, a test-drive is yours for the asking – without any obligation. Our friendly team will be pleased to answer any questions you may have. Kentdale Land Rover is a family-run dealership – one of the few still remaining in the UK. Customer service is always our priority and we can now offer free nationwide delivery to all our customers. **01539 814444**

## At the forefront of automotive design

**IN 1919,** W.O Bentley produced his first ever car bearing his name. His intention was ‘to build a fast car, a good car, the best in its class’. From small beginnings, the Bentley Brand grew enormously and was highly recognised for its five victories at Le Mans in the 1920s. This passion and desire for excellence can be found at Bentley Manchester. Bentley Manchester has been situated in Knutsford for almost 10 years. Located on Mobberley Road, the company is operated by the Sytner Group, one of the brand’s longest-standing retail partners in the UK. Customers situated in the North West are able to specify their vehicles in the sophisticated and welcoming environment, and the highest levels of

customer service befitting the Bentley brand. Led by Jon Crossley and his strong team, the showroom excels in demonstrating new and used Bentleys across the whole model range, including the all-new Continental GT. The new Continental GT has been designed to appeal to those seeking class-leading performance, handling and luxury. Light, agile, fast and economical, it delivers on every front. It’s very much the consummate Grand Tourer, and now features the state-of-the-art technology expected. Based on an all-new platform, the new Continental GT is an aesthetic tour-de-force. Its muscular appearance is down to the use of ground-breaking super forming technology, and this, when combined with the bigger wheels, the longer wheelbase, the greater prestige mass, the higher beltline and the shorter front overhang,

has resulted in a leaner, lower, wider-looking car, which has a greater dynamic presence and poise. The design appeals to a younger audience, but there are still many trademark Bentley touches, including the large headlights and the Matrix Grille. While these may be subtle nods to the car’s lineage, the reality is that this is a design revolution, not an evolution, and the use of LED Matrix headlights and elliptical rear lights – both of which feature a cut-glass crystal effect – reinforce its position of being at the forefront of automotive innovation and design. If you are interested in testing the limits of the new Continental GT, please call to speak to one of our product experts. **01565 632222**

## Exuding confidence and style on the road

**WITH THE LAUNCH** of the all new A-Class, Mercedes-Benz have once again raised the bar in the compact car class and set a new benchmark for refinement, technology and appearance. “With the fourth generation of the A-Class, we are redefining modern luxury in the compact class,” says Britta Seeger, who is the Daimler AG board member responsible for Mercedes-Benz car sales. A lot of the focus has been around the new Mercedes-Benz User Experience, MBUX, which offers an unrivalled level of connectivity and functionality to the driver, with brilliant 3D graphics and interactive “Hey Mercedes” voice control. The

free-standing widescreen display sits on top of the avant-garde design dashboard, dispensing with the cowl above the cockpit for the first time, enabling no visual discontinuity and a free-flowing interior design. On the outside, the sporty appearance is enhanced with dynamism, purism and emotion. The larger wheel arches can accommodate up to 19-inch wheels for the ultimate style statement, while the longer wheelbase and character lines along the side emphasise the premium nature of the new A-Class. A saloon version is coming too, pencilled in for Spring 2019. The new A-Class slots into its familiar position alongside Mercedes-Benz’s top-selling model, the C-Class, which has long been the standard-bearer in the business saloon vehicle segment. The new-look C-Class exudes confidence and style on the road, while the interior features a new interpretation of modern

luxury, with flowing forms throughout the cabin and the integration of a fully digital instrument display, first seen on the S-Class flagship saloon. Right now, customers of Mercedes-Benz retailers in Huddersfield, Wakefield, Leeds, Bradford and Skipton can enjoy exclusive savings across a wide range of Mercedes-Benz models, including new A-Class, B-Class, C-Class, E-Class, CLA, GLA, GLE, GLS and SLC vehicles for a limited time only. There are a select number of cars with significant savings and once they’re gone, they’re gone. Contact one of our retailers below to find out more about these offers, or to book an experience in a Mercedes-Benz of your choosing.
