Find your dream car with our pick of the finest models on sale in showrooms throughout the South of England

Explore the new MINI range today

DICK LOVETT is proud to have been associated with MINI since the re-launch of the brand in 2001. Our four dealerships are located close to our BMW dealerships in Bristol, Bath, Swindon and Hungerford (near Newbury and Andover).

Our award-winning MINI Teams are on-hand to support you through every aspect of your MINI adventure, from sales, corporate sales, motability,

service, parts and our bodyshop, to ensure that you receive a personal service.

Our corporate sales department can provide support and advice to sole traders through to large companies, and all of our motability specialists are trained to the highest standards.

The MINI range has recently expanded so it really does offer something for everyone; no matter what your motoring requirements may be. We have the traditional MINI 3-Door Hatch for the ultimate go-kart feel, the slightly larger but still compact MINI 5-Door Hatch, the MINI Clubman estate model, MINI Countryman SUV model (also available in PHEV), and for ultimate top-down fun, the MINI Convertible. With 48-Hour Test Drives available across the MINI range, what better way to experience a MINI than from behind the wheel?

We look forward to welcoming you to one of our MINI dealerships.

Redefining the future of driving performance

MERCEDES-AMG has been pushing the boundaries of automotive design and engineering, both on the racetrack and the road. Today, this passion for performance, coupled with unrivalled technological expertise and distinctive visual flair, is evident across the AMG range. Crafted in Affalterbach, each and every Mercedes-AMG vehicle offers an exhilarating driving experience - and it all begins with that unmistakable AMG sound.

The signature growl of an AMG engine is just one of the things that make an AMG vehicle truly special. With the 'One Man - One Engine' philosophy, every engine in a Mercedes-AMG 45, 63 or 65 model is handcrafted to the strictest quality standards by its own highly trained master engine builder.

In a Mercedes-AMG, everything from wheel design and frame rigidity, to high-performance braking and lightweight design is engineered for responsiveness.

Marshall Mercedes-Benz is giving you the exclusive opportunity to become a part of the Mercedes-AMG club. As a **Motoring** reader, you can purchase any AMG Model and get a free two-year service plan, plus we will include an AMG driving experience²¹. This is an incredible chance to develop your driving skills under the guidance of a Mercedes-Benz driving specialist. You will also have the chance to experience the thrill of driving high-performance Mercedes-AMG vehicles on the handling circuits and low friction surfaces at Mercedes-Benz World.

If you have a passion for performance and would like to find out more on this exclusive Mercedes-AMG offer, contact your nearest Marshall Mercedes-Benz dealership today.

The iconic, luxury British sports car

ASTON MARTIN WALTON ON THAMES offers long-standing experience in both modern era and heritage cars, and has been providing a high level of customer service for nearly seven decades.

HWM was established in 1938 as a race car constructor for Formula 1 and Formula 2. In the

period after WW11, we were considered the UK's most significant race team and enjoyed considerable success with a young, talented team, including Stirling Moss. Of the cars built and campaigned over the years, more than 70% still survive today.

From the 1950s, HWM started selling and servicing cars beyond the world of racing. We took on the Aston Martin franchise in 1951, making us the longest-serving dealer in the world.

Still an independent family business, today we are proud to be one of the world's largest Aston Martin dealerships. We take great pride in servicing London, Surrey and the surrounding areas.
