Luxury grooming treatments for him

SINCE 1805, Truefitt & Hill has established a men's grooming philosophy centered on providing our trusted clients with the very best a men's barbers and perfumers has to offer.

Over the centuries, we have continued to maintain our high level of service with an uncompromising commitment to delivering the very best for our clients across a wide spectrum of male grooming. Our skilled team of master barbers are unsurpassable. Whilst behind the scenes, our valued product innovation team works tirelessly conceptualizing fresh product ideas fused with the original 'recipes', dating back more than 210 years.

Our signature hot towel wet shave has been the cornerstone of the Truefitt & Hill barbershop experience for over 200 years. Generation upon generation of discerning gentlemen have been at the

receiving end of a safe pair of hands adept with a cut-throat razor!

Firstly, the face is prepared with a hot towel treatment, followed by the application of the shaving cream of choice (and we have a wide range), whipped up into a rich lather and applied using a traditional badger hair shaving brush.

One of our master barbers will then perform the shave itself. And the routine is rounded off with a choice of aftershave balm, enhanced with natural oils and soothing skin formulations to comfort and soften the skin, plus your choice of cologne to seal in the moisturising extracts.

For the ultimate gift this Christmas for the most distinguished gentleman, why not treat him to a beautifully presented voucher, available in our flagship salon or via the website.
