## Protect your family from winter weather

**LAST YEAR, WE WERE** hit by the 'perfect storm'. The Beast from the East caused traffic chaos and became a huge threat to people's safety. In 2017/2018 there were 7,128 hospital admissions due to people falling over on snow and ice. Don't become a statistic. This winter, keep safe and warm with de-icing products, Hi-Vis, thermals and flood protection.

Winter makes driving conditions more difficult, ice and snow can block roadways and make it harder to slow down and keep control of your vehicle. Our ultimate grit bin kit contains everything you need for icy conditions, including a shovel and 25kg salt bags. Protect yourself and your loved ones from injury by properly gritting car parks, walkways and roads. Our three-for-two offer on de-icing rock salt means you will be ready for the temperature to drop and avoid slips and falls.

Go outside in warmth and comfort with our thermal clothing and lightweight waterproof jackets, Hi-Vis safety boots and Hi-Vis clothing, ensuring you will be seen and less likely to be involved in an accident while out and about.

We have a wide range of flood products including absorbent bags and diverter tubes to manage seasonal flooding due to heavy rains

and winter thaw. Avoid damage to your property and post flood clean up with our product solutions.
