THE NORTH EDITION

Time for a new car? Take a look at these vehicles from dealers in the North – plus a car-boot-full of other ideas too

New tyre inflator set to be part of the family

UNDER- OR OVER-INFLATED tyres can reduce the manoeuvrability of the vehicle, will cause the tyres to wear more quickly, as well as reduce the fuel efficiency of the vehicle – increasing both fuel costs and CO₂ emissions. Around 40% of traffic accidents in the UK caused by vehicle defects are tyre related. This demonstrates that poor tyre maintenance is clearly leading to increased risk for drivers and their passengers.

Ring's RTC600 Rapid Digital Tyre Inflator is ideal for drivers keen to keep their vehicle in top condition. It can inflate a 13" tyre from 0 to 35PSI in three minutes, and has a large digital screen, making it easy to see readings in any light conditions. The programmable digital autostop gauge ensures accurate inflation and will automatically stop when the set pressure is reached.

Powered from the in-car 12V socket, it has a long 3.3m cable to help reach all around the vehicle. The intuitive new design makes tyre inflation easier and quicker for motorists and the flat construction provides maximum stability during inflation. There is integrated storage for the cable and airline when not in use – the airline folds neatly into the inflator, and there's a wind-up cable to retract the

power cable quickly and easily. There's even a holder for the valve dust caps, so they don't get lost when the tyre is being inflated. The RTC600 Rapid Digital Tyre Inflator is available at Screwfix and Argos with an RRP of £45. Visit ringautomotive.com for more details.

Why would you buy a car any other way?

MY NAME IS Chris Laing and I run a business, that is possibly the best kept secret by those in the know. Everyday, I help people get the car they want at trade prices they've only dreamed about.

Three years ago, I bought £250k-worth of cars for customers all over the UK, Ireland and even as far away as New Zealand. Last year, that grew to over £7 million-worth of cars sourced for savvy buyers like you! Yes, the secret is now being shared far and wide!

So, whether you're in the market for a family daily driver or a prestige sports car, I can help. Last month I sourced a £140k Aston Martin for a customer who paid just a touch over £100K. I also sourced many other cars starting at just £2k with the average saving being around £2k to £3k on a £20k vehicle.

I do all this by sourcing direct from popular auctions, ex-lease companies or through my many trade contacts and I'm not greedy. I charge a

simple one-off fee that starts from as little as £250. My service is backed by many Feefo reviews and I can deliver to your doorstep or place of work.

Drive home in the car that you want at the price that you want to pay, all with no hassle. Oh, and I can provide finance and warranties too – I said it was a good service.

Simple. Fast. Affordable. Call or email me, Chris Laing, at hello@flippingcars.co.uk and get started today.

Award-winning dealership

FOUNDED IN 1951, KT Green are a third-generation family owned and run business. Based in Pool-in-Wharfedale, Leeds, they are franchised dealers for Subaru, Isuzu and Isuzu Arctic Trucks, and have just been named 2018 Subaru Dealer of the Year.

Subaru UK Managing Director Chris Graham commented: "I was delighted to present Simon Green with the award for KT Green's fantastic all-round performance in 2018. This award is based on customer service rating, sales performance and parts sales – and all the results showed us that KT Green really are better where it matters." KT Green have been Subaru and Isuzu dealers for nearly 40 years. They are passionate and

knowledgeable about Subaru and Isuzu and look forward to an exciting future with both brands.

The dealership always endeavours to be honest, transparent and fair with customers. Awards such as Subaru Dealer of the Year and Isuzu Pick-up Professional of the Year acknowledge a firm commitment to customer service.

The showroom, which is easy to reach from Leeds, Harrogate, Skipton and York, houses all the latest models from Subaru, Isuzu and Isuzu Arctic Trucks, plus a selection of hand-picked quality used cars. Call K T Green on **0113 284 3535** or visit ktgreen.co.uk

The electric revolution is happening at Kentdale

THE REVOLUTIONARY ALL-ELECTRIC Jaguar I-PACE has been named as the *BBC Top Gear Magazine* EV of the Year and it's now available from Kentdale Jaguar Land Rover, situated in Kendal, on the outskirts of the Lake District.

Kentdale's head of business, Kenny Curran, runs the family-owned business, part of the JF & E Hadwin Group (which also has two Land Rover sites, in Coniston and Settle). The showroom has recently been refurbished and looks stunning with more room than ever to properly explore each and every vehicle in the Jaguar Land Rover range – with both new and approved vehicles.

With a range of 292 miles (WLTP), the I-PACE is a cutting-edge zero-emissions performance SUV. The I-PACE is capable of delivering all-wheel-drive sports car performance with 0-60mph taking just 4.5 seconds.

The I-PACE can achieve a 0-80 per cent battery charge in 85-minutes using DC charging (50kW), while home charging with an approved Jaguar AC wall box (7kW) will achieve the same state of charge in just over ten hours – ideal for overnight charging.

The I-PACE's innovations and cutting-edge engineering have secured it 17 major award wins since its introduction.

Rawdon Glover, Jaguar Land Rover UK MD, said: "As Jaguar's first ever electric vehicle, the I-PACE was a completely blank canvas. Our engineers were tasked with creating an electric vehicle without compromise; it would be quick, stylish, luxurious, exhilarating to drive, fast to charge, spacious and easy to use every day."

Jaguar's first all-electric vehicle is available to order now, priced from £59,995 (including government incentives) from Kentdale Jaguar, Shap Road, Kendal, Cumbria, LA9 6NZ **kentdale-jaguar.co.uk** **01539 814444**

Making a virtue of dealing Honda

VERTU HONDA IS proud to be a retailer of both Honda cars and motorcycles. The largest partner of Honda in Europe, Vertu Honda has dealerships based in the North East and Midlands, stretching from Morpeth in Northumberland to Grantham in the East Midlands, with 13 car dealerships and two valued motorcycle dealerships in all.

All are home to award winning teams, the group being past winners of the converted Honda UK large dealer and corporate dealer group of the year awards. Ranking highly in Honda's customer satisfaction leagues, Vertu Honda

prides itself on offering an award-winning range of cars and motorcycles, supported by a passionate and enthusiastic team of professionals in sales, fleet, Motability and aftersales.

The team are well placed to present the exciting range of cars and motorcycles for 2019. The highly anticipated Hybrid CR-V SUV, the most popular SUV in the world, sits alongside the highly-regarded supermini Jazz, family Civic and compact SUV, the HR-V. Later in the year Vertu Honda will welcome the all electric Urban EV, Honda's first all-electric car in Europe. For two-wheel enthusiasts the iconic Super cub is worth a look, together with the mighty Fireblade and all conquering Africa Twin.

Discover the new Land Rover at Kentdale

THE DISCOVERY SPORT combines design excellence, engineering integrity and exceptional versatility to create a premium compact SUV from Land Rover, starting from £30,145.

It's available from the recently refurbished Kentdale Jaguar Land Rover, situated in Kendal. Kentdale's Head of Business, Kenny Curran, runs the family-owned business which was founded in Torver by brothers Eric and Jack Hadwin. Nearly 60 years later the business consists of one Jaguar Land Rover retailer, two other Land Rover retailers and a vehicle conversion and preparation centre. Together the family have built up an enviable reputation with the philosophy being "we look after customers and their cars" and this philosophy still remains at the heart of the business today.

With a sliding second row and a third row standard on TD4 180hp, SD4 240hp and both Si4 engines, you can adapt the space in the Discovery Sport to meet your specific loading or seating needs. When you utilise only four seats and make more of the 1,124 litres of space available, getting those bigger, bulkier items home is easier.

The Discovery Sport's sleek, aerodynamic silhouette, with legendary Land Rover capability and a flexible interior, add up to a great-looking vehicle that does so much more.

The desirability of the exterior design continues into the cabin with bold horizontal and vertical lines, complemented by clean surfaces, superb finishes and optional premium leathers that give a luxurious impression and comfortable feel to the highly versatile interior.

Cutting-edge controls distinguish an uncluttered dashboard that features an 8" touchscreen and optional head-up display with the latest technology for intuitive interaction. A 10" touchscreen with Touch Pro is also available.

Available from Kentdale Land Rover, Shap Road, Kendal, Cumbria, LA9 6NZ **kentdale-landrover.co.uk** **01539 814444**

Richardson Ford – a family business for four generations celebrating 100 years

AFTER OVER 100 years in business Richardson's is one of the oldest-established businesses in the area, still owned and managed by the same family after four generations.

Established in 1919, owners Paul and Toby Richardson and the team pride themselves and focus on outstanding customer service. For over 100 years, the team has worked hard to service customers through sales and aftersales care. They are exceptionally proud of the high percentage of repeat business and recommendations enjoyed each year.

Richardson's have gained enviable recognition for their high standard of customer service, having won the Ford Chairman's Award on two separate occasions and have also been runners up twice. This prestigious award is based on the returns from customers in which judgement of service quality received from their dealer is assessed.

Richardson's have excellent relations with their Ford manufacturer partner which recognises the high standards in customer care achieved by the dealership. Richardson Ford is registered with the Motor Industry Code of

Practice and stock a large variety of new and used vehicles at two dealerships, located at Driffield and Bridlington.

Both locations have service centres and a paint and bodyshop repair centre is located at Bridlington. The centres employ highly-trained technicians who have unrivalled knowledge of Ford vehicles and are equipped to carry out all repairs on all makes and models of vehicle.

Richardson Ford and its team always looks forward to welcoming you!
