

Time for a new car? Take a look at these vehicles from dealers in the South – plus a car-boot-full of other ideas too

miwhip is London's new thrill when it comes to transportation

MIWHIP IS A technology company established in London, offering an extraordinary experience for every London rider.

It's the first minicab app with supercars in the UK. Lamborghinis, Ferraris, Rolls Royces, and McLarens are a few members of the company's fleet. Anyone can download the miwhip app and book a ride to their desired destination. The digital platform connects riders to drivers, giving them the chance to be randomly selected as the winner of a supercar ride at no additional charge.

But that's not all – miwhip are introducing £5 journeys at a flat rate anywhere within Zone 1. It's the perfect choice for single riders, city workers and students. A fleet of over 100 smart cars are to be expected in the city centre, picking up passengers who are looking for an affordable and alternative method of transport in London's busy Zone 1 area.

For tourists and overseas travellers, the favourite miwhip feature is the fixed fare airport drop-offs. For any airport located in London, riders can schedule their ride in advance and know exactly how much the fare will be. There's no need to wake up a loved one in the middle of the night for an early morning flight, and no need to worry about the rush of last-minute travel planning.

New tyre inflator set to be part of the family

UNDER- OR OVER-INFLATED tyres can reduce the manoeuvrability of the vehicle, will cause the tyres to wear more quickly, as well as reduce the fuel efficiency of the vehicle – increasing both fuel costs and CO₂ emissions. Around 40% of traffic accidents in the UK caused by vehicle defects are tyre related. This demonstrates that poor tyre maintenance is clearly leading to increased risk for drivers and their passengers.

Ring's RTC600 Rapid Digital Tyre Inflator is ideal for drivers keen to keep their vehicle in top condition. It can inflate a 13" tyre from 0 to 35PSI in three minutes, and has a large digital screen, making it easy to see readings in any light conditions. The programmable digital autostop gauge ensures accurate inflation and will automatically stop when the set pressure is reached.

Powered from the in-car 12V socket, it has a long 3.3m cable to help reach all around the vehicle. The intuitive new design makes tyre inflation easier and quicker for motorists and the flat construction provides maximum stability during inflation. There is integrated storage for the cable and airline when not in use – the airline folds neatly into the inflator, and there's a wind-up cable to retract the

power cable quickly and easily. There's even a holder for the valve dust caps, so they don't get lost when the tyre is being inflated. The RTC600 Rapid Digital Tyre Inflator is available at Screwfix and Argos with an RRP of £45. Visit ringautomotive.com for more details.

Why would you buy a car any other way?

MY NAME IS

Chris Laing and I run a business, that is possibly the best kept secret by those in the know. Everyday, I help people get the car they want at trade prices they've only dreamed about.

Three years ago, I bought £250k-worth of cars for customers all over the UK, Ireland and even as far away as New Zealand. Last year, that grew to over £7 million-worth of cars sourced for savvy buyers like you! Yes, the secret is now being shared far and wide!

So, whether you're in the market for a family daily driver or a prestige sports car, I can help. Last month I sourced a £140k Aston Martin for a customer who paid just a touch over £100K. I also sourced many other cars starting at just £2k with the average saving being around £2k to £3k on a £20k vehicle.

I do all this by sourcing direct from popular auctions, ex-lease companies or through my many trade contacts and I'm not greedy. I charge a

simple one-off fee that starts from as little as £250.

My service is backed by many Feefo reviews and I can deliver to your doorstep or place of work.

Drive home in the car that you want at the price that you want to pay, all with no hassle. Oh, and I can provide finance and warranties too – I said it was a good service.

Simple. Fast. Affordable. Call or email me, Chris Laing, at hello@flippingcars.co.uk and get started today.

Vehicle funding made simple with instant online quotes from AVC

IN AN AGE where cash-flow is king, fixing the cost of motoring has never been more important. As vehicles are depreciating assets, it makes good sense to tie up as little money as possible when looking at funding options.

PCP, personal lease and business contract hire have never been as popular, but it is important to consider all methods of acquisition before taking the plunge.

Comparing different contracts can be confusing, especially as many of them are not usually available to get an instant, hassle-free quote online. Finance lease, asset finance and flexible rental schemes are good examples.

Low-rate finance deals continue to be favoured by many; hire purchase and lease purchase are still popular.

Getting a good deal on the actual car or LCV is also important. All Vehicle Contracts specialises in sourcing new, used, specialist and prestige vehicles for clients across the UK, passing on significant savings.

Andrew Frisby, managing director of AVC, said: "We have made it easy for people to get an instant

contract hire, leasing, PCP, finance or rental quote on our website. We list all vehicles and feature special offers, with many stock cars available for immediate delivery.

"Our online quotations display everything clients need to know – this can be a great help when shopping around.

"Customers can enquire online or telephone one of our team if they would like funding advice, or simply to discuss their requirements in more detail."

Land Rover Defenders – clearly in a class of their own

ESTABLISHED IN 1996, Lawton Brook is one of the UK's leading suppliers of Land Rover Defenders, as well as many other 4x4, sports and prestige vehicles.

We have become especially well known for our partnership with the "Urban Truck" brand, and our Urban Defenders are an all year round best seller. In a market where Defenders are still appreciating, as an ownership proposition these vehicles are truly second to none. While a few are still used as off-roaders, Defenders are now much more of a "lifestyle" vehicle, equally at home on the tarmac or mud-plugging.

Our wealth of knowledge and expertise is unsurpassed, ensuring an outstanding purchasing experience. We are honest, approachable and accommodating – nothing is too much trouble for our friendly staff. We carry in stock a huge range of hand-picked Defenders to suit every taste and offer a Nationwide delivery service. We regularly sell our vehicles to customers spanning the full length and breadth of the British Isles.

Our sister company, Oracle Finance, is one of the UK's biggest and best known finance brokers for prestige and luxury cars, so any funding requirements can be dealt with in-house.

Our account managers have unrivalled knowledge and experience to ensure the very best terms every time, with packages tailored to each and every customer and vehicle.

First and foremost, we are all Defender enthusiasts and we are passionate about offering a level of service that is truly second to none.

Get the best deal on the web for your new car

COAST2COAST CARS is a family-run business, established in 1999, welcoming both private and business customers. We offer a personal, professional service, with full knowledge of all the brands we supply, and are able to advise on specifics concerning your vehicle of choice.

Once you have built your car on our easy-to-use web site we are just a phone call away to assist you with the purchase of your new vehicle.

What we offer

We have a network of UK franchised dealers who offer our customers new cars, each with a full manufacturer's warranty, at discounted prices. The full discount is passed onto you. Once the order has been placed with our dealer, you have direct contact with that dealer and payment for the vehicle is made direct to them. Our dealers offer a full range of finance facilities from PCP to contract hire if required. Throughout the transaction we are available to provide help and advice where needed.

How it works

- You build your car on the website
- Fill in your details
- You will then get a quote emailed to you
- You will then be contacted by one of our handpicked dealers/suppliers
- They will quote any finance etc as required
- Part exchange can be dealt with direct with our handpicked dealers
- No need to haggle over prices
- No fuss, no fees
- We offer 27 brands, from Ford and Fiat through to Porsche.

Individual solutions for individual clients

STACKHOUSE POLAND is an award-winning independent insurance broker, with specialist expertise in the motor trade and automotive market and private client sector. We create bespoke insurance solutions designed to meet our clients' individual needs. If you are looking to arrange insurance for your own vehicle collection, or specialist motor trade insurance for your business, we can help. With 23 offices across the UK and over 450 insurance professionals, our pursuit of excellence is reflected in our Chartered Broker status and a number of prestigious awards for our Commercial and Private Client activity.

Prestige, performance and family motor trade insurance

Whether you are a serious collector or looking to arrange motor insurance for a single vehicle, your dedicated client manager will find the right insurance for your needs. We benefit from significant leverage with insurers in comparison with most of our competitors, and can combine insurance for multiple vehicles into one package.

Motor trade specialists

We understand that the motor trade sector is complex, which is why we have a team of dedicated specialists with years of experience in the classic and prestigious car field. We will find the right type and level of insurance for your business.

Get in touch

For more information, or to arrange a review of your insurance, please call **0330 660 0401** or email us at info@stackhouse.co.uk | **stackhouse.co.uk**

Stackhouse Poland Ltd is authorised & regulated by the Financial Conduct Authority in respect of General Insurance business. Our firm's reference number is 309340, which can be checked by visiting the FCA website.

WAGONEX IS THE UK'S FIRST independent online car subscription platform. It works a bit like Netflix but for cars. You simply sign up, choose a car off the website, pay a monthly fee that includes insurance and it's all yours for anywhere from a month to two years.

The prize includes car, maintenance, tax, insurance, delivery – the only thing you need to worry about is fuel.
