The Razer Blade 15 is the world’s smallest gaming laptop ever made. But despite its slim design and small footprint, the Razer Blade 15 has an amazing edge-to-edge screen with options for either a lightning fast 240Hz Full HD display or a beautiful 4K OLED touch display with

100% Adobe RGB colour gamut for rich accurate colours and vivid images. With the latest 9th Gen Intel® Core™ i7 6 core processor at its heart, and graphics powered by NVIDIA® GeForce RTX™, the Razer Blade 15 excels in power and portability. The model comes with 16Gb of system memory and a choice of SSD options up to 512Gb, but both can be upgraded for more memory and higher storage capacity. Powerful ultra-thin, tuned stereo speakers and an RGB backlit keyboard with customisable per-key lighting complete the set-up. Also available is the Razer Blade 15 Base Model. Powered by the latest NVIDIA® GeForce RTX™ or GTX™ graphic cards and with dual-storage for even more room, the Blade 15 Base is the perfect entry-level system for those wanting a little less power but a bit more storage on the go.

## Save cash on tech!

**BUYING NEW TECH** can be expensive, but it pays to be prudent. CeX share five tips to help save next time you spend on games and gadgets. **Buy it outright** When it comes to getting a phone, the most expensive way to buy one is on contract. Why not trade in your old handset and buy a second-hand one? A SIM-only plan can save hundreds. Shop around, compare, and look for a long warranty. **Treat it nicely and keep everything** If you’re considering an upgrade, remember that your old tech and games can save you cash. You’ll get more if they’re in good condition. Having a screen protector and a case on your phone makes a difference when it comes to cashing it in. Keep the box and accessories – these can add value. **Buy last year’s model** Save a stack of cash by not going for the latest model. Look at the price difference between an iPhone XS and the iPhone 8 – nearly half the price with almost the same capabilities. You could buy a PS4 copy of FIFA 19 for £22 or you could get FIFA 18 for £5 at CeX. **Beat the herd and trade in early** Don’t wait until this year’s model comes out to upgrade. Tech tends to depreciate in value when a new model is released. Sell your old one a month or two before to get the most money for it. **You could be sitting on a treasure trove** Got an old NES or an N64? Your old console and

games might just earn you a pretty penny. With the rise in popularity of retro gaming, some consoles and games can fetch tens and even hundreds of pounds. That forgotten box of SNES games in the attic could turn out to be a small gold mine!

CeX has the widest choice of phones, tablets, electronics and games, all with a free 24-month warranty. With over 380 stores, they are the UK’s leading second-hand tech and entertainment retailer.
