A dog walker's second best friend

AFTER 60 YEARS IN PRODUCTION, the Harris Dryboot remains the only 100% guaranteed waterproof, multi-purpose, lace-up boot available in the UK.

Favoured by everyone from walkers and gamekeepers to gardeners and farmers, they're a comfortable, low maintenance waterproof boot – without the inconvenience of a knee-length Wellington.

Top quality natural rubber construction, impervious to damage from bramble or rough undergrowth. Splash resistant to acid and alkali, garden and agricultural chemicals. Steel shank

built into the non-slip sole adds strength and protection. Fully lined with cool jersey-cotton fabric which helps prevent the foot sweating. Thick padding around the ankle area for added comfort and prevention of ankle rub.

They are fully washable and quick drying, unlike a leather boot and ideal for those with wider calves.

Available in sizes 3 to 12 for £69.99. Visit the online store at thedrybootcompany.com

Reach dizzying heights aboard DH Mosquito and Avro Lancaster

THE LINCOLNSHIRE AVIATION HERITAGE CENTRE is the largest Bomber Command museum in the world and offers unique experiences to get hands-on with extremely rare aircraft regardless of your budget. The museum prides themselves on their welcoming environment and unprecedented access to these awesome aircraft.

Come and have a ride...

At the centre you have the opportunity to ride on board the Lancaster or Mosquito to experience the real power and finesse of the aircraft and to get closer to the experiences of the men of Bomber Command flying these aircraft to war. You can experience the sights, sounds, smells and atmosphere of this original Bomber airfield and its WW2 aircraft on either a day visit or as part of the emotional experiences we offer. The Mosquito based at the centre is the only running example outside of North America and you can take part in a Mosquito Experience day to get up close and personal with this groundbreaking aircraft.

Avro Lancaster NX611 is the only privately owned and running Lancaster in the world. The Lancaster and the centre are run by the Pantan family and they have opened the site and aircraft up to the public for the last 30 years to enable

you to get something unique, available nowhere else in the world. You can climb aboard the Lancaster, on an original WW2 Bomber Command airfield and take a ride down the runway.

Don't want a ride?

If you don't want to ride on the Lancaster then you could have a look on board and sit in all of the crew positions on a tour with one of the experienced and knowledgeable guides.
