Your best friends deserve the very best your money can buy – here are some ideas to keep them healthy and happy

THE DRYBOOT COMPANY

AFTER 60 YEARS IN PRODUCTION, the Harris Dryboot remains the only 100% guaranteed waterproof, multi-purpose, lace-up boot available in the UK.

Favoured by everyone from walkers and gamekeepers to gardeners and farmers, they're a comfortable, low maintenance waterproof boot – without the inconvenience of a knee-length Wellington.

Top quality natural rubber construction, impervious to damage from bramble or rough undergrowth. Splash resistant to acid and alkali, garden and agricultural chemicals. Steel shank built into the non-slip sole adds strength and protection.

Fully lined with cool jersey-cotton fabric which helps prevent the foot sweating. Thick padding around the ankle area for added comfort and prevention of ankle rub.

They are fully washable and quick drying, unlike a leather boot and ideal for those with wider calves.

Available in sizes 3 to 12 for £69.99. Visit the online store at thedrybootcompany.com

Healthy nutrition for your feline friends

ANIMONDA PETCARE STANDS FOR top-quality pet food from Germany for more than 25 years.

Feeding with knowledge, love and care

For many people, pets are like beloved family members or best friends. Animonda® cares for the well-being of pets and accordingly focuses on the manufacturing of high-quality food for cats.

The assortment addresses demanding pets, who commit to a healthy and appropriate nutrition as an important contribution to their well-being.

Committed to highest quality

All products are produced in accordance with the latest scientific research concerning a healthy and appropriate animal nutrition: natural, pure and absolutely free of artificial colouring and flavouring. Selected fresh ingredients are prepared carefully to keep the nutrients as intact as possible.

Appropriate nutrition

Behind the concept of animonda is a philosophy of genuine esteem for our four-legged friends, as well as for their owners: pet owners invest great loving care in their animals and like to ensure that they only provide what's best for them.

Therefore animonda views it as a special responsibility only to develop and supply products which are appropriate from a nutritional point of view.

The best for your cat

LickiMat: the UK's number one bestselling boredom buster

LICKIMATS ARE DESIGNED AS TASTY boredom and anxiety busters for your cat or dog.

By spreading your pet's favourite treat over the surface, you create a tasty fun game with them having to seek out every morsel with their tongue. It works well as a slow feeder for cats and you can freeze treats in summer for refreshing, longer-lasting entertainment. You can leave home without worrying that your pet will go crazy and you can't overfeed your pet because Lickimat makes a small tasty treat last longer.

Recommended by vets and animal behaviourists worldwide, LickiMat is a medical-free way to promote calm behaviour in your pet while home alone or during stressful times. It's great for calming pets before the vets or groomers. Repetitive licking is soothing for your pet, exerting a calming influence on it. Vets say that licking enhances the sense of taste, allowing pet to enjoy just a small amount of food for ages. LickiMat stimulates saliva production and helps clean tongue, teeth and gum. Enhanced saliva production can aid digestion as it contains enzymes like amylase.

LickiMat is made from non-toxic food grade TPR and is suitable for dogs and cats. Freezer-safe and hand washable.

Detangling and de-shedding dog grooming brushes for safe, effective at-home care

GROOMING IS AN ESSENTIAL PART of any dog's routine. Not only is it a great bonding experience between you and your dog but an important ritual too.

Regular brushing helps protect your dog's coat by removing dirt, dead hair and distributing natural oils. Pet Teezer's USP is in the teeth – the grooming brushes boast patented non-metal teeth, making for a safe solution to effective at-home grooming, keeping your dog's coat in tip-top condition from puppy to adult.

Pet Teezer grooming brushes come in both small and large sizes, making the whole grooming experience as comfortable as possible for both you and your dog.

The soft teeth of the detangling brush are gentle on fur that is prone to tangle, perfect for breeds such as Cockapoos, Yorkshire Terriers and Bichon Frise.

Using stiffer teeth than the detangling brush, the de-shedding brush reaches down confidently to even the thickest of undercoats, great for breeds such as German Shepherds, Golden Retrievers and Pomeranians.

Heres why Pet Teezer's grooming brushes are so dog friendly:

- Patented flexible two-tier teeth that remove dirt, dead hair and tangles while adding shine to the coat
- Non-metal material so no risk of brush burn from over-brushing
- No bladed edges, making them safe for the whole family to use
- Ergonomic design for a comfortable grip
- Safe to use in any direction.

Is your wild bird food 'Fair to Nature'?

BEING FAIR TO NATURE is about rebuilding the world's wildlife through nature-friendly production methods. In the UK alone we have lost 97% of wildflower meadows. It's critical that we demand products that are ethical, sustainable and fair to nature.

This is done by accrediting brands that use 'Fair To Nature' farming practices to boost biodiversity. Honeyfield's is one of those brands. Where the ingredients, allow Honeyfield's wild bird foods contain cereals and other seeds grown on Fair To Nature accredited farms.

These farms create specific wildlife habitats on at least 10% of their land and follow a unique sustainability protocol. They grow special areas of seed-bearing crops to provide food for farmland bird species, such as linnets, skylarks, and buntings. This means that Honeyfield's wild bird food not only feeds the birds in your garden but looks after the birds in our countryside too.

Managing director of Honeyfield's, Sam Marriage says: *"We, as consumers, are increasingly aware that the decisions we make in our shopping baskets determine the type of world we live in. Honeyfield's aim is to provide consumers with a choice to buy products that have truly sustainable credentials."*

As well as wild bird food and treats Honeyfield's also offer a variety of different wild bird feeders, tables, dining stations and accessories to complement any garden.

Keep your pets feeling pawsome

NOTHING BRINGS A SMILE to the face more than seeing your pet bounce around the house full of energy. But it takes time, effort and money to keep them in tip-top shape – which is where Pet Drugs Online can help by cutting costs.

The website have all the big food brands, treatments, supplements and veterinary meds to keep them happy; which means more smiles for you.

Insurance cover gives peace of mind for both you and your furry companion

WE WANT THE BEST FOR OUR PETS. They show us unwavering devotion and bring smiles to our faces, even at the toughest of times. In return, we do everything we can to ensure they live their best life.

But accidents can happen and pet insurance can make a real difference. You can focus on helping your pet get better, rather than worrying about veterinary bills.

The different types of policies on the market can be confusing, so carefully compare them for their level of cover and read the terms and conditions to check which meet your needs. Generally, a cheaper policy provides less cover.

A higher-star Defaqto rating (out of five) means the policy has scored better for its features and benefits. Five star-rated Defaqto policies are some of the most comprehensive on the market, meaning greater cover in the event of an accident or illness.

Petsurance from PDSA offers a choice of market-leading cover levels, including two five-star Defaqto-rated policies, giving you peace of mind that your pet is protected for whatever happens next. Every policy sold gives access to a 24/7 advice helpline and you can pay monthly at no extra cost (0% APR).

Buying a Petsurance from PDSA policy also contributes to the charity's work, caring for sick and injured pets across the UK.

Checklist readers can get 10% off when buying Petsurance from PDSA by quoting PDSA10 at pdsa.org.uk/psda10
