Join the investing revolution

Everyone already invests their time and money on a daily basis – learning a new skill or saving their pay cheque – but there's a lot more that can be done to put your hard earned money to work.

The award-winning app Freetrade, which is available on iOS and Android, is on a mission to get everyone investing with a unique platform that offers anyone and everyone a low-cost way to invest for the long term – or even your retirement.

Through Freetrade's self-invested personal pensions (SIPPs) and ISAs, you can benefit from low flat fees of £9.99 a month (or a 30% discount if you're a member of Freetrade's Premium account Plus), meaning that account fees don't rise as your savings pot grows.

Additional perks include commission-free dealing, fractional shares – which allow you to invest as little as £2 to build a diversified portfolio of stocks – as well as the choice of thousands of UK and US stocks and ETFs (exchange-traded funds).
