Dip your toe into trading

If you want to explore the world of trading, eToro is a great place to start for a number of reasons. eToro is a multi-asset trading platform that allows users to trade various financial instruments, including stocks, cryptocurrencies, commodities, indices and more.

The platform is easy to navigate and users can buy popular stocks from around the world in just a few clicks. The offering includes Amazon, Google, Facebook, and Tesla. Better still, eToro offers commission-free trading on stocks, making it an affordable option for those looking to invest.

In terms of cryptocurrency, eToro has a variety of options for users to trade, including Bitcoin, Ethereum, and XRP. As with stocks, users can easily search for these cryptocurrencies on the platform and make trades. There's also a crypto wallet for users to securely store their digital assets.

Another useful feature is eToro's unique copy trading option, which allows users to copy the trades of experienced investors. This is handy for beginners, as well as those who simply don't have the time to research and analyse the markets.
