

DISPLAY AD BANNER PACKAGES WITH MailOnline

Banner Packages with the *MailOnline* are ad impressions served across the *MailOnline* website in standard ad formats. These ads appear across the pages of the *MailOnline* depending on a brand's requirements of volume, contextual placement, demographic, location and socio economic target group. These impressions are delivered alongside editorial content on the website. This is to afford brands maximum visibility, a trusted environment and to drive traffic to a chosen weblink.

The *MailOnline* is one of the world's largest English speaking newspaper websites, with more than 252m unique browsers around the world. The *MailOnline* also boasts an affluent readership with 62% who are ABC1, 60% of whom come direct to the website rather than via search engines and it reaches over 75% of the online population.

These banner packages with standard ad formats are a 'Managed Programmatic Performance Product', meaning advertisers are provided with a dedicated trader to ensure budget and ads are optimised to reach the specific target audiences and are delivered across premium inventory to achieve campaign objectives.

Banner Packages with the *MailOnline* is an ideal shop window for brands and organisations to benefit the *MailOnline's* robust editorial environment, a mass engaged readership and crucially the gravitas of being featured on one of the world's most visited websites.

Ads must have a distinct colour separation to the rest of the content on *MailOnline* i.e. any ads that are mostly white must have a distinct 1 pixel dark border to separate it from onsite content

PROCESS

- Define your ideal live date. Define your target audience e.g. Women, 25-44, living in London, gym-goers. Define your KPIs e.g. sign ups, ticket sales, clicks
- After your order is received, the artwork specification will be emailed by Hurst Media's Production team
- If you have a specific live date in mind, this should be advised to the Production team; otherwise artwork should be sent to the team by the given deadline to avoid delays in publishing content
- Content required is the ad artwork and the link you'd like the ads to clickthrough to. Received content will be submitted to *Dailymail.com's* AdOps team
- Impressions will deliver on MailMetroMedia's owned and operated properties (can be extended onto the wider open marketplace if pre-agreed)
- A dedicated programmatic trader will monitor your highly targeted campaign, continuously optimising towards the best performance based on your KPIs

SUPPLYING CONTENT

PLEASE NOTE: The full content specification and artwork deadline will be given after booking.
Your content can be emailed to production@hurstmediacompany.co.uk
